Hello.
We'd like to share a series of events that happened to someone we know back in 2023, involving an individual who, for clarity's sake, I will refer to as *Doll*—though they have gone by several different names over time (including Eden and Kirby). Due to an agreement between the involved parties, the person who experienced this situation cannot speak about it directly or refer to *Doll* by name, but third parties are not bound by the same restriction—hence, we are stepping in to share their story.

The artist is currently inactive on Twitter, having shut down their original account. They are still active on other social media platforms. This decision was unrelated to *Doll*, but it's worth clarifying, as some users mistakenly believed the artist left due to *Doll's* harassment.

It all began when a friend of *Doll's* purchased an adoptable character design called "Fortune Teller," a Hell Hound created by the artist. At the time, the artist had no idea this buyer was connected to *Doll*. Later, they found out that *Doll* had begun using the character as if it were their own original creation.

Now, both *Doll* and their friend had previously been blacklisted by the artist. They had been blocked, and a potential commission from *Doll* had already been canceled. Despite this, *Doll* claimed ignorance of the blacklist. According to the artist's Terms of Service, which have been in place since 2021-2022, violating the blacklist meant that ownership of the adopt was revoked. Initially, the artist didn't plan to issue a refund—but in the end, they refunded the friend anyway, despite being under no obligation to do so.

If caught getting my designs from second or third party members you will be directly breaking my TOS and any involved will be added as well.
No refunds will be offered if black list or block evading.
Any design or character obtained by block/black list evening will not be legally yours therefore if the character is used, it will be considered stolen

6. Blacklist Awareness

‼️Access Blacklist

- Clients are advised to be aware of my blacklist. I will not work with individuals on this list under any circumstances.
- If you are found to be **evading the blacklist**—whether through second, third, or any other parties—**all users involved will be added to the blacklist.**
- Any rights to characters or designs purchased from me will be **revoked**, and I will issue a **refund** for the original purchase.
- If the blacklisted individual continues to use the design after rights have been revoked, I will proceed to file a **DMCA takedown.**

Evading the blacklist is taken seriously and will result in permanent removal from any future transactions or collaborations.

Instead of resolving the matter, this triggered an aggressive reaction from *Doll*, who lashed out by calling the artist an “unprofessional bitch,” claimed the TOS “didn’t exist,” and insisted the character was still theirs. Following this incident, the artist took extra precautions—posting the blacklist and TOS publicly and even updating them to be more specific, all because of this situation. But that wasn’t the end. Afterward, the artist began receiving anonymous harassment on Tumblr, including racial slurs targeting them for being Mexican.

You can't make a 'no refunds my oc again ' rule
That's never how that works. Especially because this is a newly established rule to be petty
This character was and is still mine. And you claiming he's yours because you can't handle being called out for theft is unprofessional.

Though the character was legally removed from *Doll's* ownership, the emotional damage was done. The artist no longer felt connected to the character and eventually gifted it to a trusted friend.

Hey, after thinking for a while. Do you wanna keep Aster? As much as I try to draw him I just don't find joy on him anymore after the whole fiasco.

I'd prefer if someone else has him and uses him.

Sure!
Ill take him off your hands
More behbehs for me

I give you my son and now he is your son!!!!

Despite this, *Doll* and their circle continued discussing how to “reclaim” the character, even going so far as to create lookalike designs. These near-identical remakes, clearly based on the original, were nothing short of art theft, motivated purely by spite. This situation involved a clear violation of TOS, harassment, and theft of intellectual property.

honestly id say just keep the design and proceed to produce more high quality content than whatever they could shit out, or commission people for such just to piss em off more lol

But unfortunately—it didn't end there.

In another incident, the artist created a kitsune-inspired adoptable with influences from pastries, fairy Neopets, and Barbie. *Doll*, for reasons unclear, believed this character copied their "hellsona"—apparently based on fur color alone. The artist had *Doll* blocked everywhere, so they had no knowledge of this "sona." Still, *Doll* reached out via Discord, angrily accusing the artist of copying.

In the middle of this, *Doll* began trauma dumping about unrelated issues and, oddly, asked the artist to redesign their "hellsona," which bore similarities to the artist's work. The artist

agreed initially, hoping to defuse the situation, but ultimately couldn't follow through—there was no obligation, and no time. Both parties agreed things were settled… until a few days later, when *Doll* accused the artist of stealing from *them* instead.

Kirby 07/28/2023 11:14 AM

YO

THE FUCK IS THIS????

This is just my helluva Sona???

This is just my helluva Sona???

dramokin 07/28/2023 11:15 AM

Huh?

Kirby 07/28/2023 11:15 AM

THE CHARACTER

Everyone can see the blatant resemblance

Even down to the pink eye lashes and swirls in th ears

The only difference is the recolor of the clothing

dramokin 07/28/2023 11:15 AM

Dude I don't know, I have you blocked everywhere how was I supposed to know???

Kirby 07/28/2023 11:15 AM

And the tails

WELL it looks EERILY similar to my sona

Even the hair style

I would appreciate it if you took that character down or don't sell it

That is an eerie look alike like my character and I really don't want that being sold because that is my character I made to heal from sexual trauma

I made cream puff to signify healing from sexual trauma because that's what bee means to me

If you would take that character down and not sell it I can take away the posts but I have already made posts about the situation

Someone brought this to my attention because they noticed the Erie similar look alike and they thought this was very sauce

Dus

*sus

dramokin 07/28/2023 11:18 AM

Hmm I see. Well, I didn't do it on purpose, just used the base I have, Beelzebub's look and trans flag colors to make it. So sorry for the misunderstanding

FROM THIS POINT ON WE ASKED FOR THE ENTIRE CONVERSATION FROM THE ARTIST TO PREVENT DOLL TO CLAIM THE SCREENSHOTS ARE CHERRY PICKED (THEY ARE NOT) THUS WHY PFPS AND NAMES CHANGED.

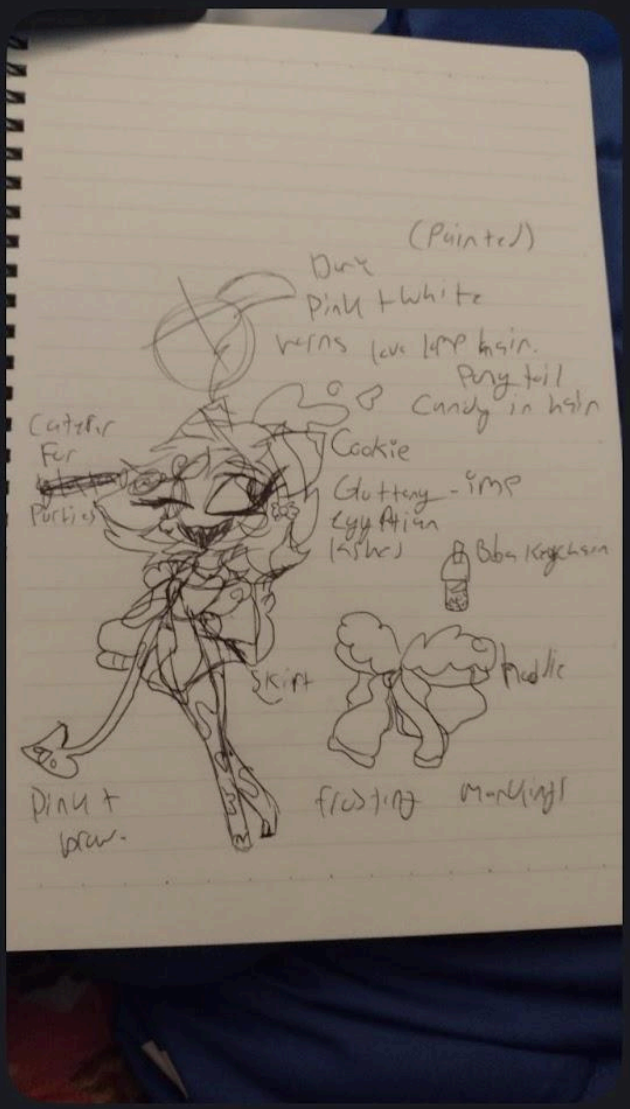
If you can remove the character this can all be resolved
Selling a character that looks just like mine is not something I really want thank you
Coco 🌷🎀 7/28/23, 11:18 AM
Uh sure. But I'd like for you to make one thing too

His Doll💙💗 7/28/23, 11:18 AM
Sure what is it

Coco 🌷🎀 7/28/23, 11:18 AM
Please don't copy my Impsona



His Doll💙💗 7/28/23, 11:18 AM
What are you talking about????? I literally made my oc based of how I look irl

Coco 🌷🎀 7/28/23, 11:18 AM
Dude

His Doll💙❤️ 7/28/23, 11:19 AM

And how I have boba keychains and my oc on a video game I have????

That's literally why I did the layering in the hair

Coco 🌷🎀 7/28/23, 11:19 AM

Dude

His Doll💙❤️ 7/28/23, 11:19 AM

I AINT DONE A THING ABOUT YOUR SONA I AINT EVEN SEEN IT

Coco 🌷🎀 7/28/23, 11:19 AM

His Doll💙❤️ 7/28/23, 11:19 AM

I LITERALLY MADE MY SONA BASED OFF ME

Look

If there's something significant you want changed about my son I will do it

If it really makes you that uncomfortable because there's a similarity that I didn't intend for what do you want changed

I don't want discomfort either and I really don't want this argument

But the character you made resembles mine to a t even by color palette aside from clothes

I literally sat incall with my brother as he helped me with ideas and even gave me the ideas for the Egyptian eyelashes because I wanted to do a drip thing for the eyes instead like me

Bee

I literally just made things up based on what I wear in real life and everything

I'm not saying I don't want to change it I'm just trying to tell you that I didn't steal

Coco 🌷🎀 7/28/23, 11:22 AM

Well, I can change take it down and change the colors for the buyer who is interested so they don't look similar. Sorry for that, I wasn't aware of your Hellsona I just used the aesthetic I thought looked cute on Pinterest.

And well, I suppose your impsona does look different from mine, I just got a little freaked out since it resembles mine a lot

His Doll💙💗 7/28/23, 11:22 AM

I would personally appreciate if you entirely remove the character

I really don't want that character that still resembles my own

They were very specific design choices like the butterfly and the swirls I chose based on melanie

This character was literally my character and I do not want it sold because it's literally just going to be a recolor no matter what you do

Coco 🌷🎀 7/28/23, 11:23 AM

But I appreciate you coming tot all to me. Do know I didn't steal it, I have you blocked everywhere and wasn't aware of your Hellsona, I based it off the fairy Neopets if you have seen them

His Doll💙💗 7/28/23, 11:23 AM

I'm changing my character can you do what I want and remove the one you made and just make a new one you can make a custom or something IDK

Coco 🌷🎀 7/28/23, 11:23 AM

Sure I can do that

His Doll💙💗 7/28/23, 11:23 AM

I havent

Coco 🌷🎀 7/28/23, 11:23 AM

You should!! Here let me show you, they are so cute

His Doll💙💗 7/28/23, 11:24 AM

Can I personally ask you something?

Coco 🌷🎀 7/28/23, 11:24 AM

Sure

His Doll💙💗 7/28/23, 11:24 AM
If you didn't do it on purpose then why have you blocked some friends of mine

Coco 🌷🎀 7/28/23, 11:24 AM
Which ones?

His Doll💙💗 7/28/23, 11:24 AM
People are very sus of that too

Coco 🌷🎀 7/28/23, 11:24 AM
I block a lot of ppl

His Doll💙💗 7/28/23, 11:24 AM

Rosalynn the simp and my partner

Why would you block Rosalynn they barely do anything in the community

I'm already in big trouble probably for even dealing with this because I should be resting due to my infection right now but at the same time I'm very stressed out that a character that looks just like a very personal Sona of mine is being sold for like $50

Coco 🌷🎀 7/28/23, 11:25 AM

Aaah... well, if I'm being entirely honest I can't remember why. Sorry I don't have a concrete explanation, maybe I freaked out a little since I have some ex friends and ppl stalking me

Sorry to hear that

His Doll💙💗 7/28/23, 11:25 AM

You're getting mad at Momo yet you literally ripped their Imp design, AND SONA.

I can understand pettiness I would just appreciate honesty

I didn't mean to steal anything and I am honestly sorry about the misunderstanding and I will change it for your comfort

His Doll💙💗 7/28/23, 11:27 AM

Ohh that's fair

I'm just irritated

I also know you were the one that made it animatic for bunny back in December that really really upset me

My character acedia I had existed for years before bunnies character did so I felt like claiming my character was the stolen one felt like a slap in the face

Coco 🌷🎀 7/28/23, 11:28 AM

I didn't mean to steal anything either and I'm sorry too for the misunderstanding. I will take down the adoptable for your comfort and change it for the client to other colors if that makes you feel better, I see we both had something that made us uncomfortable

His Doll💙💗 7/28/23, 11:28 AM

I would personally appreciate if it's an entirely different species because changing the color is still my character just color palettes walked

Palette swapped

Coco 🌷🎀 7/28/23, 11:28 AM

Oh yeah I had forgotten about that. I made it to cheer up that friend but wasn't expecting it to be shared. So I also apologize for that

His Doll💙💗 7/28/23, 11:29 AM
I still feel like a lot of misinformation has gone around about everything I mean for God's sake Wist as a threatened to kill me behind scenes

Coco 🌷🎀 7/28/23, 11:29 AM
Well, it's still a Kitsune adopt... I can change the hair and clothes and change the colors and eyelashes, would they make it better?

His Doll💙💗 7/28/23, 11:39 AM

I really appreciate that if you want to help with the gluttonysonal'll pay you when I do get paid because I feel it's only fair

I don't want to ask for free work from an artist especially one that's had a conflict with me in the past or whatever the hell is going on

Coco 🌷🎀 7/28/23, 11:40 AM

I took down the adopt. If you ever wanna overlook the adopt’s new design I can send screenshots

His Doll💙💗 7/28/23, 11:40 AM

I'm even really pissed off that spoken tried to make it seem like I stole your character when I base the color palette off of a pre-existing color palette he already had (my deersona)

Tis was his old design and colors

I kept them the same

:/

I just made him a doll because I like music boxes and Dolls because of the music box My adoptive mother gave

I'll all after you care for your grandparents though I apologize

Coco 🌷🎀 7/28/23, 11:43 AM

Oof

Yeah I can understand the misunderstanding

His Doll💙💗 7/28/23, 11:44 AM

I'm not even shocked she's done this literally since 2018

Coco 🌷🎀 7/28/23, 11:44 AM

Don’t worry dude! It seems we just got caught on a swirl of misunderstanding and needed to talk and I appreciate it.

He's a baker/caterer for parties

And his palette is like
Pink and light brown and white like a neopolitan ice fream

I wanted his hair to reflect the hair I have IRL which was like brown and blonde but the blonde is white

I can try and doodle some ideas

Also, Kirby, I wanna profoundly and sincerely apologize for this misunderstanding. I really didn't mean any harm to you or anyone. I have been making kitsunes these past few days and I thought making one that looked more like Beelzebub would be fun. So I used Barbiecore, pink donuts and NeoPet fairies for inspiration, but I didn't think it'd share things with to your Hellsona since I wasn't aware it existed.

I hope I can make it up to you with this new design and work things out with the other misunderstanding of me thinking you copied my impsona.
I hope you are feeling better *:(*

His Doll💙💗 7/28/23, 3:16 PM

Hey that's ok!! I'm changing the design cuz it feels close to it and it's uncomfortable having someone else have the same design and I'm having a lot of fun with it actually! So it gave me the chance to update

I'll send any updates regarding the impsona eventually

His Doll💙💗 7/28/23, 3:17 PM

Coco 🌷🎀 7/28/23, 3:42 PM

That’s so cute!

Coco 🌷🎀 7/28/23, 4:41 PM

I'm sorry but I don't think I'll be able do your impsona anymore. I just have too much going on irl and I feel like this will just attract more unwanted attention regarding old drama between you & others. I already have issues to deal with and I can’t feel pressured, not when I was finally recovering from some abusive friendships

.

I really didn’t mean to hurt you in anyway, I sincerely apologize for the misunderstanding and I know now you didn’t mean to either. Thank you for contacting me to clear things out.

Your impsona concept is fun and looks good! And I hope you have fun with it when you have the time and is safely home.

I just want to leave things cleared out between us and be cool. I hope you understand and I hope you have good health.

In response, the artist shared their entire conversation publicly to clear their name. It was obvious they had created the design before *Doll's* "hellsona" existed. On top of that, they were avoiding *Doll's* content anyway—because it involved unsettling material from *Rick and Morty*, though that detail is less relevant. Regardless, *Doll* once again tried to "reclaim" the design and began using it as their own.

And right on cue, the anonymous hate began again—complete with racial slurs, just like before.

‼️*User warning*‼️

Hi guys! Sorry for disappearing

Just to let you know, if you see the user sweetsbunni and his brother black/block list evaded to get two of my designs, so legally they do not own this character as according to my TOS (Jan 2022).

Another disturbing pattern emerged when *Doll* blatantly copied a character named *Alice*, one of the artist's most popular OCs in the *Hazbin Hotel* fandom. *Alice* is a ball-jointed doll with a music box heart and serves as Alastor's assistant. She's still a beloved main character to this day.

Later on, someone asked the artist for permission to use *Alice* as inspiration for a new OC, and the artist kindly agreed. However, *Doll* once again inserted themselves into the situation—accusing that person of “copying” them, not the artist, and claiming they were being harassed. That issue fizzled out fairly quickly.

Then came 2024. The artist posted a vent comic—not directed at anyone specific—about another user who was evading blocks to copy their work. *Doll* assumed the post was about them and had another outburst. Once again, racial slurs began appearing in the artist’s Tumblr inbox, and despite clarifying that the post had nothing to do with *Doll*, the harassment continued.

But the most disturbing escalation happened when *someone* contacted the artist’s mother.

A throwaway Instagram account sent a message to the artist’s mom, accusing their child of art theft and referencing the kitsune design. The message was in English—language the mother doesn’t speak—so she thought it was spam and deleted it after briefly asking her child about it. She blocked the account and told them to ignore “weird people.” Sadly, no screenshots were taken.

This has gone far enough :D Harass, shit talk, and copy my work all you want.
But contacting MY FAMILY over a fucking color is insane.
I don't know who it was, but I hope you know my family sees you as a joke and didn't understand anything since they don't speak English. I don't-

want to see you or “fix” anything, all of those chances are gone. Consider: getting a life, touch grass, a hobby, etc.
I didn’t care being called transphobic and slurs, but this is weird. My Friends and family are now aware of you. Fuck you :)

Man, I am only online 3-5 hours a day in this website. To spare myself any more headaches I’m considering leaving the platform.
I still can’t believe this was over a color.

All of this… over a vent comic that wasn’t even about *Doll* ended up reaching the artist’s family. Furious and exhausted, a friend of the artist dragged *Doll* into a Discord voice call to get things out in the open.

Doll denied everything.

They claimed they never contacted the artist’s mom.
They claimed they never sent any of the anonymous hate.
Whether that’s true or not remains unclear.

Coco Oh also btw tell him the comic wasn't about him, it was about another user stalking me LMAO anyway
[redacted] 7/21/24, 10:37 AM
OH I DID DWDW

But the artist and *Doll* agreed on one thing:
They would never mention each other again.
The artist would stay in their corner, and *Doll* would stay in theirs. This was a verbal agreement with no audio proof of it, but there is a conversation between the artist and the mediator.

This is why we're sharing this story now—because the artist is not allowed to name *Doll* directly, but we can.

Now in 2025, *Doll* is still using designs they stole from the artist and passing them off as their own. Every single thing they "create" is copied from someone else—no matter what they say.

And it needs to stop.
The harassment, the lies, the art theft—it has to end.

Thank you for reading.
